

Social Events

Up to now the committee has not finalized the social program with all its details. But of course there will be a Networking Event as well as a Gala Dinner.

Examples for Accompanying Person's Tours

- Aachen, the historic city centre with Cathedral and City Hall
- Düsseldorf, fashion capital and famous Altstadt (Old Town)
- Cologne, a combination of Roman, medieval and modern influences

Pre and Post Tours

- Oktoberfest: Munich's world-famous festival
- Berlin: Political and cultural capital with a turbulent history
- Rhine Tour with the "Loreley"

XV. INTERNATIONAL CONGRESS

International Society for Mine Surveying

XV International ISM Congress in Aachen, Germany

16 - 20 September 2013

Our Invitation

The German Mine Surveyor Association (Deutscher Markscheider-Verein e.V.) invites you to attend the XV. International Congress of the ISM, to be held in Aachen, Germany in 2013.

The Congress will serve to push forward the science and transfer of expertise in the mine surveyor's scope of work.

Germany with its long mining tradition is the largest and most competitive European mining region with a high economic importance.

Germany's mining technology suppliers as well as its top ranked universities and research institutions with their high international reputation stand for cutting-edge technology developed for mining and post mining worldwide.

Beyond that Germany is an important global player for research of renewable energy resources.

Germany and especially Aachen offers you a warm welcome:

With its international flair, 2000 years of history, a rich cultural heritage and wonderful natural surroundings.

We welcome you to our wonderful country and look forward to your active participation in the 2013 International Mine Surveying Congress in Germany.

Sincerely

Prof. Dr. Axel Preusse
Vice President, ISM

Date & Venue

The Congress will take place on September 16th to September 20th 2013 in Aachen, Germany.

In Aachen, Europe is more than a mere word. Here is Europe alive! In the immediate vicinity to The Netherlands and Belgium, people are used to meet each other across the „borders“ and to work in cooperation with each other. This attitude has shaped the city and has made its people more open to others.

Programme Themes

The themes for the Congress in 2013 will be based on the ISM Commissions:

- Education, Legal issues, Web-presentation, History
- Environmental Planning
- Geometry of Mineral deposits/Mineral Resources Management
- Instruments, Mine Surveying Measurements, Mining Cartography
- Rock and Ground Movements, Subsidence Damages
- Economic Transformation, Sustainable Development, Land Reclamation
- New resources

Language

The official language of this congress will be English.

Exhibition

A high profile trade exhibition open to institutions and Supporting services will be held simultaneously with the congress. We would be glad about many participants.
